

Recruitment

The trial is now at 37 participants. June has been our best recruiting month so far in the trial with

6 recruits! This is very exciting and we are looking forward to what July brings...

Congratulations to:

Dani Miller, Kathy Bailey and the team at Oxford for recruiting another participant this month—you are on a roll!

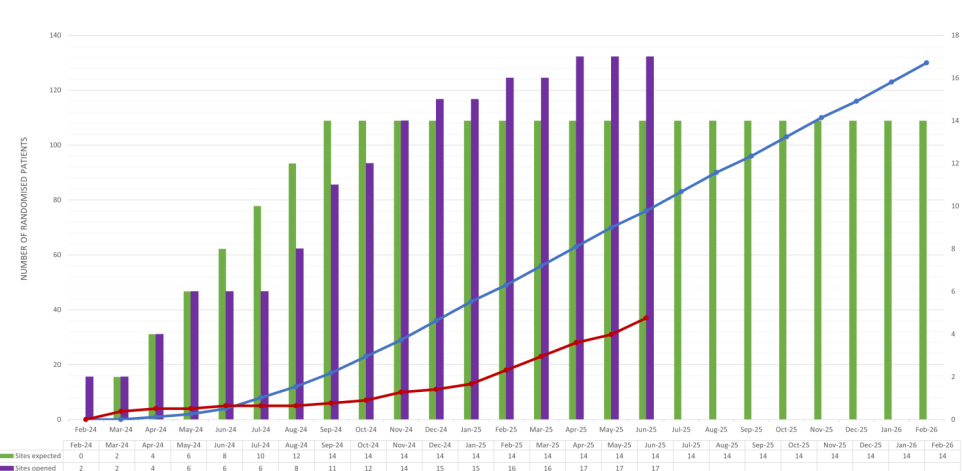

Helen Hysted, Kate Armon and the team at Cambridge for recruiting another 2 participants this month—Helen is new to the team and already worth her weight in gold.

Sarah Atkinson, Phil Riley and team at Manchester for recruit number 3!

And finally to the team at Alder Hey for recruiting 2 participants in June after a 4 month gap—we are as almost as made up as you are!

Time Since Site Opening and Total Enrollments by Site

Recruitment Graph—Expected vs Actual

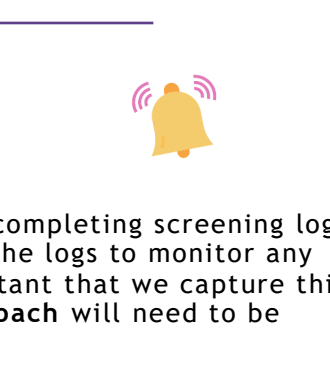

Site Engagement Meetings 2025

July:

Thursday 3rd - 14:00–14:45

August:

Wednesday 13th - 12:00–12:45

These are drop-in sessions for all—with trial management and the CI - to answer queries, talk about recruitment and share best practice. Drop-in when you can!

Reminders

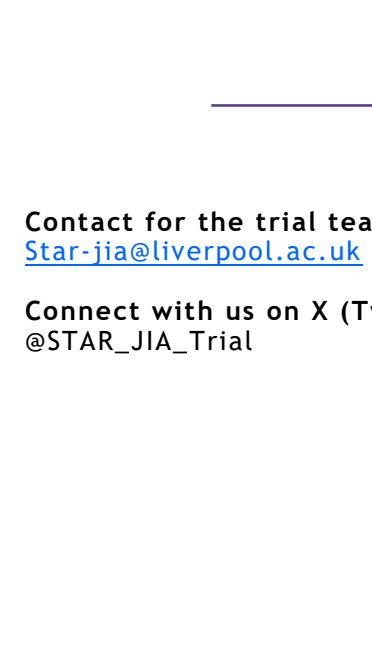

Screening logs—please ensure that you are completing screening logs for all potential participants—we are using the logs to monitor any barriers to recruitment so it is vitally important that we capture this information. **Any participant that you approach will need to be captured on the log.**

Data Queries—please ensure that you are logging into REDCap regularly to resolve any queries that are raised there. The training provided at last month's site engagement meeting will be added to the website soon.

Consents—please send all consent forms securely to lctc_consents@liverpool.ac.uk within 7 days following randomisation.

Important Information

And finally...

A massive thank you to our PPI Lead for STAR-JIA.

Sammy Ainsworth has been integral to the design and running of STAR-JIA and has ensured that it is our JIA patients who are at the heart of everything we do.

Sammy is moving on to a new exciting role at the University, and although she will be sorely missed—we wish her all the very best for her next chapter.
